Chris:

It will need to be next week, I will not be in the office Thursday or Friday of this week.

Thanks

Kyrik

Good deal thanks for your call giving me a heads up too. Will probably want to touch base once I've read, maybe tomorrow if you'll be around.

Thank you and hope you and your family are well.

Chris

**To:** Ronn Smith ([rsmith@imlinc.com](mailto:rsmith@imlinc.com))  
**Cc:** Gustafson, Brian; John Mays ([jmays@powertechuranium.com](mailto:jmays@powertechuranium.com))  
**Subject:** A few other questions

Ronn:

Do you know the number of wells (estimating in the thousands) will be drilled and the average number of hours it takes for them to be drilled?

You mentioned, that 6 drill rigs would be used at the Dewey location and 7 at the Burdock location. Will this be the actual case?

Thanks

Kyrik
